

About Time FM

Time Fm is a trusted local commercial radio station for East London and Essex that has been broadcasting for over 20 years and has loyal and dedicated listeners.

Our primary audience is 35 - 65 which traditionally has more disposable income.

We are a unique blend of classic hits from the 60s, 70s, 80s, 90, 2000s and today. Along with local News that provides information that's relevant to our area but also national and international news.

We also have local traffic & travel information to help keep our listeners informed what's happening whether it's on the roads, rails or anything else that is important.

We are a truly interactive station with our listeners... as well as music, news, traffic and travel we also have plenty of chances for them to win competitions.

Time FM is a radio station that really is part of its area.

We're also very lucky to have presenters and people behind-the-scenes that have worked at some of the biggest radio stations in the country... and have decades of experience which is why we think we know how to help promote you.

Time FM Broadcast on 107.5 FM to our local area and online across the world.

Advertising on Time FM

Radio advertising has a unique ability to connect and engage with listeners.

As a medium for advertising radio is intrusive as people could be listening in their car, home, work, in a shop or maybe even in the gym.

We programme our output in a way that people want to listen to for long periods but also don't turn off during ad breaks... audio is a powerful way to advertise.

Time 107.5 FM can work with you to help create a campaign that suits your business, product, service or offer that you want to let people know about. We can produce adverts that really stand out and get your message across.

Time FM not only advertises local businesses but also many of the biggest and trusted brands in the world... so your advert will gain kudos and prominence by being advertised in same space as they do.

What ever type of message you want to make about your business, service or product we can get your advert on air quickly.

Advertising with Time Fm is cheaper than you might think...and It's easier to do than you might imagine.

Affordable advertising is here with Time 107.5 FM

Sponsorships

One of the most popular ways of getting your name out there can be in the form of a sponsorship.

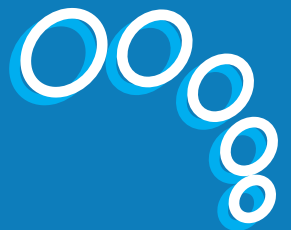

Sponsorships could be either a specific show, the weather, traffic and travel or maybe a specific feature.

Sponsorships are powerful because they raise awareness due the repetition of a specific sponsorship.

It works because It really sticks in the mind of the listener.

Imagine your business name attached to show, weather, travel, or maybe an amazing competition or feature.
